

Mobile Phone Policy

Approved by the Governing Body:	Summer 26
Signed (Headteacher):	Anne Rennie
Signed (Chair of Governors):	Liz Stone
Next Review Date (term/year):	Summer 27

Aim of this Policy:

Our policy therefore aims to:

- Promote, and set an example for, safe and responsible phone use.
- Set clear guidelines for the use of mobile phones for pupils, staff, parents and volunteers.
- Support and work in conjunction with school's other policies, including the Safeguarding Policy, Behaviour Management Policy, The School Rules (which includes our Rewards and Sanctions Policy) and Acceptable IT usage policies.

This policy also aims to mitigate some of the practical challenges posed by mobile phones in school, such as:

- Data protection
- Potential for lesson disruption
- Risk of theft, loss, or damage
- Poor mental health, such as depression and anxiety
- Issues with attention and sleep
- Risks of cyberbullying and exposure to harmful content like violence or inappropriate material
- Smartphones can be addictive and distract children from learning important life skills

Rationale:

By the age of 12, 97% of pupils own a mobile phone, but the use of mobile phones in school can lead to distractions, disruption and can increase the risk of online bullying.

The majority (63%) of 8-11-year-olds use social media and messaging apps, rising to 93% for children between 12 and 15 years old. By understanding which apps their children are using, parents can make informed choices about their child's mobile phone use and support schools in providing education about online safety.

Screen time can displace positive activities. Socialising, exercise, and good sleep are positive influences on wellbeing. All these can be displaced by screen time. By prohibiting the use of mobile phones during break and lunchtimes at school as well as in lessons, more time for socialising and exercise can be created during the school day. Parents should be encouraged to consider the impact screen time has on their child's sleep and collaborate with schools to promote children's wellbeing.

One in five children have experienced bullying online. Data from Office of National Statistics (2020) suggests that one in five children (19%) aged 10-15 experienced at least one type of bullying behaviour online, and out of them, around three quarters (72%) said they experienced at least some of it at school or during school time. Around half of children (52%) who experienced online bullying behaviours said they would not describe them as bullying and around one in four (26%) did not report their experiences.

Three in ten pupils cite making and maintaining friendships and their mental health as a cause of worry, anxiety or depression. By removing mobile phones, children and young people can spend more time staying active and socialising face to face with their peers, activities which have a positive impact on wellbeing.

The government has introduced guidance which encourages all schools to introduce rules which prohibit the use of phones at school, to help pupils focus on their education, and the friends and staff around them. The guidance may be found at the following link: [Mobile phones in schools - GOV.UK](https://www.gov.uk/guidance/mobile-phones-in-schools)

The guidance sets out that there will be some limited cases where pupils should be exempt from the rules for medical reasons, or because they have special educational needs and/or disabilities.

This will include situations where, for example, a diabetic pupil may need to use their phone as a monitoring device, as required by the Equality Act 2010.

Roles and Responsibilities

- All pupils are responsible for adhering to this policy.
- All staff (including teachers, support staff, and supply staff) are responsible for adhering to and enforcing this policy.
- Volunteers, or anyone else otherwise engaged by the school, must alert a member of staff if they witness, or are aware of, a breach of this policy.
- The Senior Leadership Team (SLT) are responsible for monitoring the policy, reviewing it, and holding staff and pupils accountable for its implementation.

Online Safety

- Edmund Waller Primary School is committed to monitoring and managing the use of mobile devices in the context of safeguarding and adhering to our obligations under the Department of Education's Filtering and Monitoring Standards.
- All mobile phone use at the school must comply with our Acceptable ICT Use Policies and Safeguarding Policy

The Use of Mobile Phones by Children:

At Edmund Waller Primary School, governors and the school leadership team have made the decision to ban smart mobile phones from the school premises.

Only years 5 and 6 pupils are permitted to bring a non-smart ([brick phone](#)) mobile phone to school; however, this will need to be handed in at the school office on arrival at school and can be collected at the end of the school day. We accept that parents/carers may provide their child with a brick phone to protect them from everyday risks involving personal security and safety. We acknowledge that providing your child with a mobile phone gives parents reassurance that they can contact their child if they need to speak to them urgently either on their journey to, or from, school.

Responsibility:

All staff, pupils and parents/carers have a responsibility to adhere to this policy. If a pupil is required to bring a mobile phone to school, it is in agreement with the school. This exception would apply where pupils should be exempt from the rules for medical reasons, or because they have special educational needs and/or disabilities. This will include situations where, for example, a diabetic pupil may need to use their phone as a monitoring device, as required by the Equality Act 2010.

Procedures:

Where an exemption applies, pupils are required to:

- Turn off their phone before entering the school
- Hand the phone to the office for safekeeping
- If for medical reasons, use their phone in the presence of a member of staff
- Collect their phone at the end of the school day and not turn on their phone until they have left the school premises

Where pupils bring a brick phone to school, pupils are required to:

- Turn off their phone before entering the school
- Hand the phone to the office for safekeeping
- If for medical reasons, use their phone in the presence of a member of staff
- Collect their phone at the end of the school day and not turn on their phone until they have left the school premises

Theft and Damage:

The school accepts no responsibility for replacing lost, stolen or damaged mobile phones.

Sanctions:

Pupils who are found in possession of a mobile phone and are not eligible for an exemption or have a non-smart mobile phone as outlined above and have not handed in their phone to the office will have the mobile phone confiscated. It will be kept in the school office and parents will be notified. The pupil will not be permitted to collect the phone without their parent/carer coming to the school and meeting a member of the senior leadership team.

The Use of Mobile Phone by Adults:

The Governing Body of Edmund Waller Primary School allows staff to bring in mobile phones for their own personal use. However, they must be always kept in their bags or cupboards and are not allowed to be used in the classrooms when children are present, in toilets, or in school play areas. If staff fail to follow this guidance, this should be reported to the Headteacher who will decide if disciplinary action should be taken.

All staff should consistently enforce the school's policy on the use of mobile phones.

Staff should not use their own mobile phone for personal reasons in front of pupils throughout the school day. This will empower staff to better challenge pupils to meet the school expectations and effectively enforce the prohibition of mobile phones throughout the school day.

Breaching the policy in emergencies

If staff need to make an emergency phone call, they must do so from a school phone; make a call outside of the school premises or use their mobile phone in a discrete place away from children.

Should staff need to call SLT for support, they should send a message to the leadership office or do so on a school phone. If there is an occasion where using their personal phone is necessary for safeguarding reasons, where possible this should be done away from children.

Staff must ensure that there is no inappropriate or illegal content on their personal device.

There are staff phones and iPads available within the school and only these should be used to record visual information within the guidelines of the local authority and the school's consent criteria.

When children undertake a school trip or journey, mobile phone use by adult leaders should be limited to contact with the school office or venues being visited, except in emergencies and then only by approved telephones.

Members of staff may only contact a parent/carers on mobile phones if they withhold their number.

Use of Mobile Phones for Volunteers and Visitors:

Upon their initial visit volunteers and visitors are given information informing them they are not permitted to use mobile phones on the premises. If they wish to make or take an emergency phone call, they may use the office telephone. Neither are volunteers or visitors permitted to take photographs or recordings of the children.

Monitoring and Review

The school is committed to ensuring that this policy has a positive impact on pupils' education, behaviour, and welfare. When reviewing the policy, the school will consider relevant advice from the Department for Education, the local authority, or other relevant organisations. This policy will be reviewed every two years.
