90 + 10 = 100

Year 2

Homes and Families

History of homes

old homes were made out of sticks and mud and sticks. Now homes were made out of bricks and stone.

History of toys

old toys were weird very soft they were hard and not very comfortable more old toys we didn't like very well. because they did not have extra parts

The History of really bears

The president of America was Teddy Roosevelt he was in the woods because he was to catch a bear he is told

Theodore Roosevelt and the men that he was with Mississippi found a bear a tied it up but he realised he was and about to kill it and in the woods there was a picture of him and the bear and some one set it and dressed to invent the teddy bear it was named after him.

the History of light bulb

Thomas Edison was a famous inventor He was born in 1847 he invented the light bulb. This invention is important because if you did not have it you could not watch your favourite show you could do.

The History of the telephone

Alexander Graham Bell was born in Scotland in 1876 and he made the first telephone and his mum and wife were deaf.

Year 3

21.10.26
