## Sealed Solution

Age 7 to 11 ★★

A set of ten cards, each showing one of the digits from 0 to 9, is divided up between five envelopes so that there are two cards in each envelope. The sum of the two numbers inside it is written on each envelope:

7 8 13 14 3

What numbers could be inside the "8" envelope?

$$\begin{array}{l} 7 + 0 = 7 \\ 5 + 3 = 8 \\ 9 + 4 = 13 \\ 6 + 8 = 14 \\ 2 + 1 = 3 \end{array}$$

There could be 0 + 8  
1 + 7, 2 + 6, 3 + 5  
5 + 3, 6 + 2, 7 + 1, 8 + 0

(There can't be double anything)

7	8	13	14	3
7 + 0	5 + 3	9 + 4	6 + 8	1 + 2
6 + 1	0 + 8	8 + 5	8 + 6	0 + 3
5 + 2	1 + 7	7 + 6	9 + 5	3 + 0
4 + 3	2 + 6	1 + 7	5 + 8	2 + 1
3 + 4	3 + 5	5 + 8	8	
2 + 5	6 + 2	4 + 9		
1 + 6	7 + 1	8		
0 + 7	8 + 0	8		

(There aren't 2 cards in the actual solution)

When we finally got there we had to wait for even longer than it took us to get there just to get to ticket office. The other people in the queue looked like different types of animals with elephant tusks, tiger tails, shark jaws and even ~~six~~ <sup>eight</sup> ~~finger~~ <sup>finger</sup> giles! So I distracted my self by kicking a ~~pebble~~ <sup>pebble</sup> about. After what felt like ages, as we eventually reached the ticket gate window. Dad, who loved bargains, began to babble with the ticket ~~office~~ <sup>office</sup> man. Dad <sup>argued</sup> argued that Harry was little so he ~~should~~ <sup>should</sup> shout at maximum half price and that's when started pretend that me and ~~mon~~ <sup>mon</sup> Mum weren't with Dad. & However when Dad said that I was the same age as Harry I turned from mortified to even more livid than Dad. Harry looked taken aback that Dad ~~so~~ <sup>so</sup> shouted he was ~~had~~ <sup>had</sup> worth half price.

## Year 6

As Michael woke up on the desert island, he saw Stella running around a shipwreck . Suddenly, he had an idea, he could break the glass and make a fire. So he got a stick and started carefully chipping away the glass until he had a small piece. He started to gather sticks and leafs - luckily all the sticks were bone dry. As he was chipping away the glass, he saw a map with some Spanish. He had done a little bit of Spanish in school, so he tried to read it. He thought it said treasure map, but he thought treasure maps were a myth - but it looked real. Then he realized the map led to his cave so he ran and started remembering his steps, the pile of driftwood, the rock formation and at last the cave.

## Year 6

Michael gradually opened his eyes. What was happening? Was he dreaming? He saw bunches of bananas hanging from trees, he heard parrots shrieking. Michael got up and began to walk around. He called out for Zetta but there was no reply, he new it was foolish to think she could have survived the storm. Then all of a sudden, he felt a rumbling in the sand...

In the blink of an eye, a dozen or so men and women burst out the jade-green undergrowth in a frantic rally of shouts and screams. Michael was terrified, he ran as fast as he could across the wright-hot sand but they were so fast, he tripped on a protruding ~~rock~~ root and
