

All about Waterfall Class

Waterfall
class

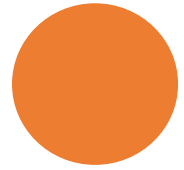

**In Waterfall Class, Ms Leach is
our teacher! Ms Leach
likes anything creative, painting,
drinking coffee and singing! She
also really likes being outside in
nature.**

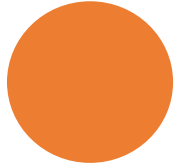

Mrs Baker is one of our SEN Teaching Assistants and she helps us too! She loves being in Waterfall class.

Mrs Baker loves practical learning and being outside, she is brilliant at making and fixing models in DT.

**Mrs Ehsani is our other SEN
Teaching Assistant in Waterfall class.
She loves being in Waterfall class
and is an expert in Makaton which
she has taught us all!**

**Mrs Ehsani loves singing, drawing
and any baking or cooking activities.**

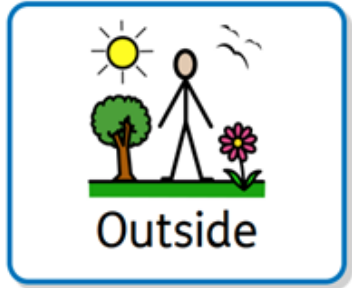

—

This is our classroom. In between circle times and structured activities we can play in the classroom or outside area with the activities set up. We have individual work stations in the classroom as well as a group table. We also have our own toilets connecting to our classroom.

Children in Waterfall class follow the national curriculum either in their mainstream class or in Waterfall class lessons. We also have children from the mainstream come to join us for activities at particular times of the day.

Our closest gate is the entrance on Walsham road. We open the gate at 8:50am – 9:00am.

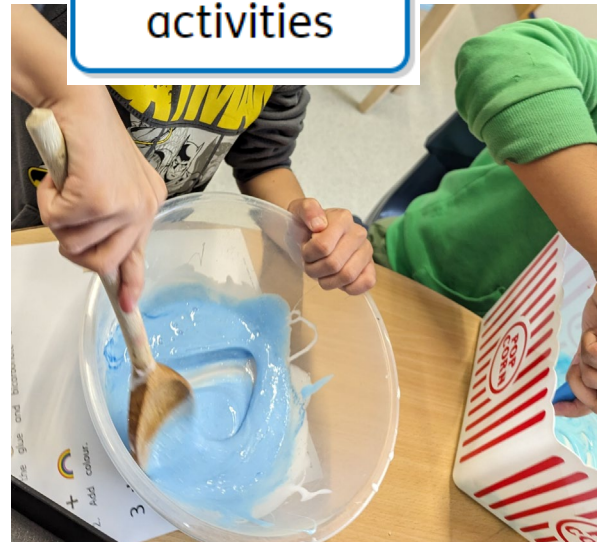

Home time is at 3.30

We have our own outside area and a sheltered area if it rains. We love playing with water and sand outside, as well as construction toys and practicing our climbing.

We are so lucky to have a sensory pod that we use everyday, for group relaxation sessions and individual play.

We are always busy in Waterfall class, here are some of the sensory activities we have done!

These are our school rules that we
need to remember.

Be **Ready**

Stay **Safe**

Show **Respect**

These rules keep us safe and help
us to have a good time at school.

Waterfall class
is so much fun!
