spring is here

10.10.24

Some fantastic writing here but some rather short stanzas!

Let's combine these parts to create a stanza. Rewrite on this page in green pen.

→ Spring is here,
 tulips bloom at the sight of spring,
 Hedgerows welcome the season,
 Blue tits consume hedgerows,
 lolloping teeping lambs leap over fences.

honey
 Spring is here,
 His eyes are gold marigold, a grin of
 hoem Hoeny slides across his lips,
 His staff shimmering in the blinding light,
 tulips bloom at the sight of spring
 His hair rustles in the trees,
 His throne elaborately woven cushioned
 and made by the finest wood.

Spring is here
 Hedgerows
 Tulips bloom at the sight of spring,
 Hedgerows welcome the season.

Spring is here
 Blue tits consume hedgerows,
 (leeping) lambs leap over fences.

Spring is here
 meadows
 Scents of flowers drift across the
 sun sunny fields meadows
 spring
 Spring is here orcestrers of birds sing
 sing to the dawn.

spring is here,
 The sky a dazzling orange beauty
 Lit up by the sun.

Spring is here,
 Hundreds of hedgerows serve food to
 the entire forest.

Spring is here,
 her face throbbing with the defeat
 of winter

hibernate

~~Indert~~ independent
 Spring is her here,
 Her eyes are lavender purple purple, A smile of lapis
 and coral twirled across her lips,
 Her hair golden hair swishes back back from
 the spring breeze,
 Her eyes are jewels of honeysock and lavender
 shimmering in the shining sun,
 Her throne, elaborately woven from cold winter days.

Spring is here,
 Trees dress in blossom and ferns,
 Branches bow in suits of lavender and lime,
~~Exited plants~~ Petals drop down like confetti,
 The sun swooshes back cold days.

Spring is here,
 Hedgehogs come out of dens, hick & dens,
 Chicks hatch out of shells pearl-like shells,
 Lambs play and smuggle,
 Swarms of butterflies come back from hiber-
 nation. Good link to the original poem. (11)

Spring is here,
 The sweet, sweet smell of cherry blossom fills the air,
 Smells of ~~carrots~~ samwages are now here,
 The so fragrant smell of crocuses ~~so~~ being blown (VF)
 about by the wind,
 The musty smell of new born lambs.
