Fieldwork & mapping of our local area

What direction do you need to walk in to get from the school to the fire station? NORTH

What direction do you need to walk in to get to the church from the cafe? WEST

Which road do you walk along when you arrive at the shop? GRATIY

Which four roads surround the park? AVENUE, AFB, KNOT, PEP'S KIT

Why did you choose to draw that symbol for the church?
I chose a cross because it is a symbol for Christianity.

Can you think of any of your own questions to ask a friend about your local map?

ICE + ?

MATTHEW HENSON
 Matthew Henson was the first person to reach the Arctic but when he got back people thought Robert Peary got there first * unbelievable Peary Peary

Dwayne Field's
 Dwayne Field's was sent on an expedition to the Arctic.

The Inuit are
 The Inuit were a group of people who were the first people to live in the Arctic.
 The did you now * Igloo means Home in the Inuit language!

Arctic Arctic Arctic Arctic

stoves
 toilet
 eye patch
 frost bite

Antarctica ~~Antarctica~~
 Antarctica Antarctica

The Arctic has a few snowdrifting plants while the Antarctica does not have any snowdrifting plants because it's too cold.

The compass rose shows you North East South and West.
 The map tells you get stuck one place to avoid.

symbols symbols symbols symbols

The key tells people go what things are on maps so an example I would draw some people so towers.

EUROPE IN

Europe is the 2nd smallest continent on the world! It is entirely located in the northern hemisphere and the western hemisphere. There are 51 countries in Europe and 44 have their capital city in Europe.

The Danube is an important river through 10 countries with its basin: Hungary, Austria, Serbia, Romania, Bulgaria, Slovakia and Ukraine and with a drainage basin in Europe.

Europe has a population of 742 million people! It has 10% of the world's population. It is heavily populated with many cities of people living in it and in.

There are 7 climate zones: these are the tropical, subtropical, temperate, continental, subarctic, and arctic. The tropical zone is the warmest and the arctic zone is the coldest.

The equatorial zone is mainly hot. The temperate zone is like a hot, it has the temperate zone and the arctic zone and a medium amount of rain.

EUROPE IN RUSSIA

This is a picture of Europe at night with city lights in the night.

The Volga river is the longest river in Europe and it is the largest river in Europe.

Mount Elbrus in the Caucasus mountains

The highest mountain in the mountain range of Caucasus mountains and it is a snow-capped mountain.

The equator is in the middle of the globe and runs around the north and south poles.

If you know that the equator is a circle around the globe and the equator is a circle around the globe. The equator is a circle around the globe and the equator is a circle around the globe. The equator is a circle around the globe and the equator is a circle around the globe.
