An abstract graphic featuring several overlapping, thick, curved lines in shades of green and blue. The lines are arranged in a way that suggests a stylized 'e' or a similar character, with the green lines on the left and blue lines on the right. The background is white.

Recognition assembly  
15.1.2026

This child was chosen because of the huge improvement in their focus and enthusiasm in their maths lessons. They told us how proud they felt of how much more recorded work they can do in each lesson now, compared to when they started in year 2.

10 x 7 = 70

12. 21.

What is the product of 8 and 10?  $8 \times 10 = 80$

I have 11 10p coins. How much is this altogether?  $10 \times 8 = 80$   
 $10 \times 11 = 110$

If there are 5 boxes of 10 eggs, how many eggs are there altogether?  $11 \times 10 = 110$   
 $5 \times 10 = 50$

If you buy 4 stickers at 10p each, how much will it cost altogether?  $10 \times 5 = 50$   
 $4 \times 10 = 40$

6 mice had 10 babies each. How many mice are there altogether?  $4 \times 10 = 40$   
 $10 \times 4 = 40$

Kay is 4 years old. Ann is twice as old as Kay. Ann's gran is 10 times older than Ann. How old is Ann's gran?  $4 \times 2 = 8$   
 $8 \times 10 = 80$

You have £1.00. Have you got enough money to buy 9 pencils at 10p each?  $10 \times 9 = 90$   
 $9 \times 10 = 90$

Football cards come in packets of 10. Luisa collected 5 packs. James collected 8 packs. Who collected the most? How many more?  $8 \times 10 = 80$   
 $10 \times 8 = 80$

Pavel had 12 people at his birthday party. He wanted to put 10 toys in each party bag. How many toys does he need?  $12 \times 10 = 120$   
 $10 \times 12 = 120$

Calmly, Mrs Grinling waited for the seagulls to come and eat the revolting, terrible food. When the seagulls arrived, Mrs Grinling sent the basket down the wire. As the seagulls spat out the foul food, Mrs Grinling felt joyful.

Unfortunately, the lunch did not arrive because sum annoying seagulls got their basket. Mr Grinling shouted 'go away I was looking forward to eating that', but the seagulls didn't take any notice. The seagulls got on to the basket then they hashed, hashed, hashed, intil the seagulls had chomped it all up. He could not believe that they could eat that basket.

Choosing this child was easy – they always put 100% effort into whatever they are asked to do and these pieces of writing show just how hard they are working every day!

# RENOIR!

His friends

Pierre - Auguste Renoir

Born: 1841

## Complementary Colours

Purple: Secondary

## Color wheel

Complementary colors are opposite on the color wheel and one is primary and the other is a secondary they complement each other they go very well together.

This child proudly explained all they had been learning about complementary colours and how Renoir used them in his paintings. They were very proud of their artist study and eager to create impressionist paintings of their own!

Cave Paintings <sup>12/11/22</sup>

time:

This is a tree the Stone age people would of got there food. Exiles and about ~~the~~ make fire.

This is an animal that has just bin hunted and now roasts on top of the fire.

This is a Stone age person trying to kill to animals a baby and a adult probably a deer or a bull.

The Sun to them was a god and worshipped by them or

This is probably a god or a person with bow spears. Or maybe a bow an ~~arrow~~ arrow.

People Stone age would wear a god on the skin ~~was~~ of respect was dancing. And for fun.

This is a river. A river would have bin for fishing and for water and maybe to swim in or ~~it was~~ was.

This child was chosen because of their attention to detail within their presentation and their ability to explain what they had learned about cave paintings as a historical source.
