

The background features a large, abstract graphic composed of several overlapping, thick, curved bands. On the left, there are green and yellow-green bands. On the right, there are blue and teal bands. The bands overlap in a way that creates a sense of depth and movement. A dark grey horizontal bar is positioned across the upper middle of the image, containing the text.

The second Shen burst through the door. She squealed with excitement and ~~immediately~~ immediately grabbed her brush to start painting. She couldn't wait to ^{start} munching on delicious delights. And she enjoyed painting very much. The pot became red. It was almost overflowing with crunchy crab, scrumptious seaweed, steaming salmon, mouth-watering mussels and fresh fried fish straight from the sea. Shen's mum was shocked. "Shen, the pot is overloaded with crab, seaweed, salmon, mussels and fish! *and it looks so tasty!"

Parts Of a Plant

8.6.25

Parts of a plant

Parts Of a Plant

Flower:

Flowers are involved in a ~~plant~~ Plant reproduction and produce seeds from which new plants grow. They are usually bright. This is to attract bees and other insects so that they can collect pollen to make seeds.

Leaves:

Most plants have stems which they use to draw ~~energy~~ energy from the sun. Plants use light from the sun, carbon dioxide, and water to make food.

Stem:

Water and nutrients travel up the stem to other parts of the plant.

Roots:

A plant gathers water and nutrients through its roots which grows underground.
