Homework-

Continue to practise writing, identifying and making numbers with objects.

DoodleMaths/

Bug Club-

Please continue to log on daily

Reading

It is important that your child reads to you every day.

Autumn Half Term

Monday 26th –
Friday 31st
October 2020

Autumn Term – Dinosaurs

This term we will become experts on all things Dinosaurs. We will be finding out how and where they are discovered for Geography and Science. We will also look at what they ate and what features they had, along with the reasons they died out. We will study and sculpt Dinosaur fossils and develop our creative skills using a range of media such as play dough, clay and recycled materials such as junk modelling.

English

We will do lots of work on phonics this term, practising reading and writing sounds such as 'th' and 'ng' and using them to have a go at writing sentences. We will learn stories off by heart and write our own as well!

Maths

We practise counting every day and find one more and one less than each number. We will also be starting to add and subtract within numbers to 20.

Meet the Year 1 Staff

Jungle Class

Teacher: Miss Lepere
TA: Mrs Cole

Meet the Year 1 Staff

Rainforest Class

Teacher: Miss Burns
