English

Today, you are going to plan and draw a story map of your own story about a character who makes a wish.

You will need to think about-

- Who your character is and what other characters will be in your story
- What will they wish for?
- How will they make this wish? Will it be on a wishing well like the story? Will it be with a wishbone? Will it be a birthday wish?
- Will the wish come true?
- If the wish does come true what happens?
- If the wish doesn't come true what happens?

You could use the story to help you and change the characters and the wishes or you could think of your own story. If you are finding it hard you could so a story map of The Wishgranter.

You are going to design your own mask or headdress. We are only designing them today. You may want to think about what things you have at home you could use when it comes to making your mask or headdress (like feathers, glitter ect). If you don't have anything at home you can use don't worry, you can just use lots of colours and it will look fantastic. You could even make your own feather by cutting out feather shapes from paper and colouring them in.

Here are some ideas of masks and headdresses. You could use an animal as your inspiration. Make sure you label your designs too.
