Topic

Today you are going to make your mask or headdress using your design from yesterday. Make it big and colourful! Use whatever you have at home to make it. Once you have made it keep it safe as it would be great if you could wear it to the summer concert!

This video may help you if you wanted to make a headdress. Remember just use whatever you have at home.

You could just draw some designs like this and use bright colours to colour it in.

On the next page is a template for a mask if you need one.
