English

What can you remember about Twelfth Night by William Shakespeare? Find someone at home and re-tell the story to them.

Then, think about the following question carefully before writing your response...

If you were Viola, disguised as Cesario, and you realised that Lady Olivia was falling in love with the person she thought you were - what would you do?

You can write your answer as yourself or if you would prefer, you could write a letter in role as Viola. Here are some questions to guide you:-

- What would you need to explain to Lady Olivia?
- Would you tell her about Sebastian and the shipwreck?
- How would you explain your reasons for being in disguise?
 - Would you feel the need to apologise?
 - What would you apologise for?
 - Would you ask her to keep your secret?
- Would you tell her about your feelings for Duke Orsino?
 - Would you ask her advice?

Topic Task

Your task today is to research and find out what you can about the 'phases of the moon'. What happens, when does it happen and why does it happen?

The information here <https://www.natgeokids.com/uk/discover/science/space/the-phases-of-the-moon/> may provide you with some interesting information to start you off.

Present your learning as a report or a poster.
